Brand New Book ***** Print on Demand *****.At exactly midnight on December 31, every electronic device made in China for the last 30 years stops working. From the U.S. electrical grid and all its back-ups, engine control-management systems, early warning systems on U.S. satellites, every motor vehicle, aircraft and ship made after 1985, to even simple memory chips inside children's teddy bears-every electronic fuse, resistor, or connector that was Made in China becomes dormant. forever. At one minute past midnight on January 1st, every modern television broadcast of the U.S. New Year's Eve festivities on the East Coast black-out. Millions of motor vehicles with an engine management system or engine-computerized system suddenly die, causing loss of control and thousands of accidents only seconds into the New Year. Traffic lights, directional beacons, communication stations, and all aircraft landing systems black out a couple of minutes later, as their modern back-ups start failing. Children's Christmas presents, nearly forgotten, stop buzzing, moving, and blinking and go silent. Radios, computers, and all forms of electronic communication devices-even the latest 132 million electronic Christmas presents given only...
