Sense Publishers, United States, 2008. Hardback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. Totems and Taboos: Risk and Relevance in Research on Teachers and Teaching, is a compilation of selected papers from the 2007 Biennial conference of the International Study Association on Teachers and Teaching (ISATT), held at Brock University. This volume contains keynote addresses and papers based on thematic presentations delivered at the conference; namely, critically investigative items which have been sacred to systems, institutions, and educational practitioners, in order to inform the theory and practice of teaching and research. While consideration of the native or aboriginal historical tradition of Canada was instrumental in developing a theme dealing with the nature of totems, it was recognized that such a heritage informs research and practice regardless of national borders. The papers included in this book reflect global perspectives on the conference theme and include thinkers from Australia, Brazil, Canada, Denmark, Finland, Germany, Great Britain, Israel, Slovenia, Turkey, and the United States. In addition the writings of seasoned academics and well published authors, the totems of the field so to speak are situated alongside papers from academic newcomers who have broken the taboo of not...
