

Late Antiquity: A Very Short Introduction

By Gillian Clark

Oxford University Press. Paperback. Book Condition: New. Paperback. 152 pages. Dimensions: 6.8in. x 4.4in. x 0.6in. Late antiquity saw the barbarian invasions overrun the western Roman empire and Persian and Arab armies end Roman rule over the eastern and southern coasts of the Mediterranean. Was late antiquity therefore merely a time of decline In this vibrant and compact introduction, Gillian Clark sheds light on the concept of late antiquity and the events of its time, showing that this was in fact a period of great transformation. Late antiquity saw Roman law codified, Christian creeds formulated, the Talmud compiled, and the Quran composed. If the Goths sacked the city of Rome, the Vandals built churches in Africa and Attila the Hun received an embassy from Constantinople. Anthony of Egypt and Simeon Stylites offered spectacular new models of holiness, while Augustine and Basil and Benedict devised rules for monastic communities. Late antique artists produced the mosaics of Ravenna and the first dome of Hagia Sophia. And it was also the period when emperors Diocletian in the third century and Justinian in the sixth enacted extensive and much-needed reforms of government. This item ships from multiple locations. Reviews

This written pdf is great. It is really simplistic but surprises within the 50 percent of the pdf. I realized this pdf from my dad and i advised this pdf to understand.
