

Incidental Findings: Lessons from My Patients in the Art of Medicine (Paperback)

Filesize: 4.68 MB

Reviews

Definitely among the finest book we have at any time read. Better than ever, though I am quite late in starting reading this one. Your lifestyle period will likely be transformed once you start reading this article book.

Beacon Press, United States, 2006. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book. In *Singular Intimacies*, which the *New England Journal of Medicine* said captured the essence of becoming and being a doctor, Danielle Ofri led us into the hectic, constantly challenging world of big-city medicine. In *Incidental Findings*, she's finished her training and is learning through practice to become a more rounded healer. The book opens with a dramatic tale of the tables being turned on Dr. Ofri: She's had to shed the precious white coat and credentials she worked so hard to earn and enter her own hospital as a patient. She experiences the real slight prick and pressure of a long needle as well as the very real sense of invasion and panic that routinely visits her patients. These fifteen intertwined tales include *Living Will*, where Dr. Ofri treats a man who has lost the will to live, and she too comes dangerously close to concluding that he has nothing to live for; *Common Ground*, in which a patient's difficult decision to have an abortion highlights the vulnerabilities of doctor and patient alike; *Acne*, where she is confronted by a patient whose physical and emotional abuse she can't possibly heal, so she must settle on treating the one thing she can, the least of her patient's problems; and finally a stunning concluding chapter, *Tools of the Trade*, where Dr. Ofri's touch is the last in a woman's long life.
