Each chapter represents a complete lesson, with a commercial-quality project to work through as you learn. Master trainer Mark Spencer starts with the fundamentals of motion graphics and quickly moves into compositing, animation, motion graphics design, visual effects design, and the world of 3D. The book is fully revised to take advantage of the softwares new features: youll explore 3D shadows, reflections, and depth of field; "fly" a camera from one object to another; ripple text characters on and off the screen with ease; animate date and time sequences automatically; and master Motions remarkable new linking behavior. Along the way, youll work with particles, generators, filters, effects, templates, greenscreen mattes, keying, tracking, paint, and more. Whether youre just entering the field or are already an accomplished motion graphics pro, this book will have you designing in Motion in record time. 552 pp. Deutsch.
