From the love affairs, the friendships and the tears. Is amazing how seeing typed text on your screen can change lives. Whodathunkit tells the stories of many chatters. Why they chose their nicknames, people they met online and in some cases why they chat. People coming together from the four corners of the world as easy as ABC. Throw a diverse mixture of people together anywhere and things get interesting. And at times extremely funny. Midst the fun, there are also many emotions expressed some real some not. The drama queens, the players, those people looking for true love and those just looking. The lonely single, bored housewife, the professionals and even the businessman, people from all walks of life can be found in chat rooms. The scenes from cyber sex to the down right ridiculous are just another part of chatting. Erotic poetry and poems posted in chat rooms will also be found here.
